

Utilities

Pullman & Comley offers a wide range of legal services to assist clients in responding to the opportunities and requirements of utility markets throughout the country. We have extensive transactional and regulatory experience in electricity and natural gas markets, emerging alternative energy and biofuels, water utilities and telecommunications industries. Our Energy, Utilities and Telecommunications attorneys deal with every aspect of utility practice, including regulatory proceedings; setting of utility rates; siting and land use; interconnection; environmental law; real estate; taxation; business, project and operational finance and litigation. We have extensive experience before the Federal Energy Regulatory Commission, the Connecticut Department of Public Utility Control, the Department of Environmental Protection, the Connecticut Energy Advisory Board, the Connecticut Siting Council, the Massachusetts Department of Public Utilities, Massachusetts Department of Telecommunications and Cable, and Zoning and Land Use Agencies Council, as well as similar agencies around the country.
