

Pulling Together as a Team

Pullman & Comley's reputation in the New England legal community has been built by every member of our firm. Our attorneys and staff take great pride in working together to produce excellent results, and that pride is apparent in our having been repeatedly recognized as among the "Best Places to Work" by the *Hartford Business Journal* and Best Companies Group several times in the last decade.

The satisfaction and longevity of our staff are a testament to our positive work environment and the fact that although our firm has grown substantially over the years, we have retained a sense of family. Our culture of teamwork and respect for one another, as both colleagues and friends, sets us apart and provides a strong foundation for continued growth and success.
