

## **SEMINAR: Cybersecurity and Infrastructure Protection**

---

October 21, 2010

Pullman & Comley attorneys Timothy Ronan and T. Scott Cowperthwait spoke at this WESFACCA event about the Cybersecurity Act of 2009, cybercrime and current challenges to cybersecurity and infrastructure protection. They were joined by Supervisory Special Agent Thomas Lawler from the FBI's Cyber Crimes Division who discussed the FBI's investigative priorities relating to technology-based crime, specifically with respect to investigations that involve computer intrusions including threats to our national information infrastructure.
