February 22, 2018

Attorney Monte E. Frank, immediate past president of the Connecticut Bar Association and a member of the National Conference of Bar President's (NCBP) Executive Council and Diversity and Inclusion Committee, along with Matthew Feinstein, New Jersey Law and Education Empowerment (NJ LEEP) Project Executive Director, discussed developing an effective legal based pipeline program. NJ LEEP is a college access and success program serving students in the greater Newark area. The NJ LEEP program empowers high school students with both the academic and social-emotional skills necessary to succeed in college and beyond. Frank and Feinstein discussed the program so that bar leaders can understand what a successful pipeline program looks like, how it positively impacts the legal community, and the real difference it makes in people's lives.
