Retired Judge Robert L. Holzberg, chair of the ADR practice at Pullman & Comley, recently appeared on WFSB Channel 3's "Face the State" to discuss how the legal community and Connecticut Legal Services are preparing for the eviction and mortgage crisis.

Judge Holzberg (Ret.) said, "There is a looming catastrophe on our doorstep," citing national statistics that show the average tenant in the U.S. is in debt by an average \$6,000. With upcoming expiry of the CDC's moratorium on removing tenants from housing, there is an expected surge in housing court cases.
