

SEMINAR: Pullman & Comley School Law Group Announces 2017-2018 Superintendents' Legal Issues Forum

The Pullman & Comley School Law group is proud to announce the 2017-2018 Superintendents' Legal Issues Forum series. For more than 20 years, members of the Superintendents' Legal Issues Forum have met for focused discussions and a greater understanding of the legal issues affecting their students, school districts, and administrations. Through regular workshops featuring presentations in a roundtable setting, members get answers to the questions they have on hot topics, newly passed legislation and recent court decisions.

The Forum also provides the opportunity for Superintendents to meet with peers to share success stories, engage in enriching discussions and develop a network of well-informed colleagues.

Our final workshop will be held on June 1, 2018, at The Wharf in Madison, CT. Topics to be discussed include a discussion on 2018 legislative updates and how these legal developments affect Connecticut school districts.

Specific information on how to register and become a member of the 2017-2018 Superintendents' Legal Issues Forum can be found [here](#).

For any questions regarding the Forum, please contact the Chair of Pullman & Comley's School Law practice group, William Connon at wconnon@pullcom.com or 860-424-4385.
