

Working with 21st Century Clients

September 15, 2020 | 2:00 p.m. - 4:00 p.m. EDT

Event Sponsor: Connecticut Bar Association

David Atkins, attorney in Pullman & Comley's Litigation practice and head of its Professional Liability section, will be presenting in this webinar *Working with 21st Century Clients* hosted by the Connecticut Bar Association.

Clients today have much different expectations than clients did a generation or two ago. Learn from industry leaders in the law and law firm management how to anticipate, meet, and exceed those evolving expectations.

Topics to be covered include:

- Alternate fee arrangements — what works, what doesn't, and what clients want, need, and expect
- Cutting edge technology — what you need to know and what you need to have
- Diversity — what clients expect and how it benefits both of you

David will be joined by Silvia Coulter of LawVision, An-Ping Hsieh of UConn School of Law, and James Sullivan of Howard Kohn Sprague & FitzGerald LLP.
